CARLOS CARRANZA

SENIOR DEVELOPER .NET CORE AND NODEJS

PROFILE

I am a highly competent web application software developer with five years' experience developing a wide range of tools for .NET and for a wide of clients. I have proven expertise in building bank webs. I understand the web projects life-cycle in depth and am very capable at all aspects of development from project planning to requirements gathering through to writing and testing code, creating documentation and support. I am currently seeking long-term contract positions which will allow me to further improve my project management, DevOps and developer skills.

COURSE

● UFO , PET , TOEIC+ AND IELTS ENGLISH

Langports, Australia | 2019

- Langports' UFO English course allows for an even balance of skills. Each week, you will experience integrated input & output skills, direct vocabulary study, grammar learning and exercises, language learning strategies as well as an even balance of the four macro-skills (writing, reading, listening & speaking).
- Langports' TOEIC+ course will study an extensive range of grammar structures and vocabulary, complete written assignments and deliver oral presentations
- Langports' IELTS course has a strong focus on the writing component of the exam (40% of the course), which is also used in all other sections of the test, to write your answers in the reading & listening parts of the exam for instance
